WEEKLY Roundup

In the news this week;

- Our special **Christmas dinner** was a roaring success - all the children had a lovely time - they enjoyed their dinner, Christmas crackers and Christmas soundtrack.
- We saw the most amazing array of **Christmas jumpers** on Thursday too!
- Everyone got to show off their dancing skills at the Christmas Disco. As well as bustin' spectacular moves and enjoying their snacks, the children also took part in a **Bauble Colouring Competition**. We were amazed by all their ideas and creative talents and it was really difficult to choose just two winners. Drum roll please.....**And the winners are.....** Lyan and Zachary!! Well done to the winners and everyone who took part.
- In staffing news, we are pleased to confirm that Helen Myles will continue to be Sycamore's full-time class teacher. We will also have a new member of the team joining us in January. Chris Charnley is an experienced upper Key Stage 2 teacher who will be working in Year 6 with Miss Robertshaw. He'll be popping in next week and is really looking forward to meeting the children.

School height and weight measurements

Every year, throughout England, more than a million children in Reception and Year 6 have their height and weight measured at school as part of the National Child Measurement Programme

What we know from the data collected so far

- Most children in Reception and Year 6 are a healthy weight.
- Around one in ten children in Reception is very overweight. This doubles to one in five children by year 6.
- The number of very overweight children in Year 6 is increasing year on year.
- Most children who are overweight in Reception will remain so or become even more overweight for their age by year 6 without action to achieve a healthier weight.

Because many children are overweight, we are all becoming used to seeing heavier children as the norm. It means we cannot always tell when a child is overweight. That is why many parents find it helpful to have an objective measurement of how their child is growing. More than 8 in 10 parents say this information is helpful and they can then make decisions about their child's lifestyle and wellbeing to make changes, or seek support if necessary.

Why achieving a healthy weight is important

When children are a healthy weight, they feel better about themselves. They find it easier to play and learn. And they are more likely to grow up healthy too. Helping them to be a healthier weight when they are a child can set up their health and wellbeing for life.

You can encourage the whole family to enjoy eating healthily and being active which will help your child achieve and maintain a healthier weight. Children who see their parents, grandparents and carers following a healthy and active lifestyle tend to join in and learn by example. These habits become a normal part of everyday life for the whole family.
